**Solve for Area & Perimeter Starter:**

Mrs. D LOVES working in her family garden. It is shown in the diagram below.  
Answer the **TWO** following questions and place your answers in the box to the right.

- a) What is the area of her garden? Use  $A = l \times w$  to solve and label with square feet.
- b) Mrs. D has decided to install a fence around the garden. How many linear feet of fence does she need?
